MOST WONDERFUL OF ALL, DECLARES GEORGE H. MILLS

Hotel Man Found a Powerful
Friend in the Famous Family
Tonic, Nerv-Worth

As Nerv-Worth goes on from success to success wherever introduced, grateful reports by benefited users continue to multiply. Here is one given just a few days ago by an attaché of the Vivian Hotel at Hagerstown, Md.:

"I have been in a very nervous condition for several weeks. Was confined to my room for several days. Had no appetite and what little I forced myself to eat did not digest. My stomach and bowels were in bad condition. I procured a bottle of Nerv-Worth and took one half of it according to directions and want to say I now feel fine. Hungry all the time and digest my food. No more nervousness or sleeplessness. No stomach or bowel trouble. I regard Nerv-Worth as the most wonderful and thoroughly correct medicine I have ever used."

George H. Mills,
Vivian Hotel.

Nearly every drug store in Charleroi sells Nerv-Worth. Your dollar back if it does not do for you what it did for Mr. Mills. Hennings Drug Store and Piper's Pharmacy.

AVOID MISTAKES

No Need to Experiment With Charleroi. Charleroi Evidence at Hand

There are many well-advertised kidney remedies on the market today, but none so well recommended as Doan's Kidney Pills.

Read this Charleroi case: F. B. Parker, says: "For twenty-five years, I had rheumatic pains and at times I was unable to work. The trouble started with pains in my hips, and extended into my left limb. I was so bad off at one time that I couldn't work. I heard of a man who had been cured of kidney trouble by Doan's Kidney Pills and I got some at Lange's Pharmacy. They gave me relief in four days and continued use made me better. I am now feeling fine and I can say that Doan's Kidney Pills are the best kidney medicine on the market."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Parker had. Foster-Milburn Co., Props., Buffalo, N. Y.

First U. S. Insurance
Policy For Capt. Smith

The first life and disability insurance policy ever issued by the United States Government has gone to Capt. Carl Hamilton Smith, U. S. A. R., a former Washington newspaperman, now with General Pershing's force in France. The policy is for \$10,000, the maximum amount under the law providing for the pensioning of military men. The blanks have just been delivered to the War Risk Insurance Bureau, and as Capt. Smith was the first applicant for a policy, No. 1 was issued to him. He mailed his application from France.

NERVOUSNESS AND BLUES

Symptoms of More Serious
Sickness.

Washington Park, Ill.—"I am the mother of four children and have suffered with nervous trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."—Mrs. ROSE STORIEL, Sage Avenue, Washington Park, Illinois.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

Undeserved Derision.

No more undeserved derisive nickname was ever visited upon an organization than that of the Fourteenth Hussars, commanded by Colonel Hamilton. Several companies of it were once compelled to retreat before an overwhelming force and the whole regiment was branded as "Hamilton's Runaways." Here was a regiment which was one of the bravest ever in the service of Great Britain; it had left its dead on the battlefields in all parts of the world; it had a brilliant record for valor and yet was it known even to its comrades in arms by an insulting epithet.

Milk for Babies.

Jersey and Guernsey cows give rich fat-producing milk; and for that reason their milk has been regarded as too rich for infants. It is still true that the milk of the Ayrshire and the Holstein is better suited to infants than the Jersey and Guernsey milk; but the cause is not the fat, as has been thought. The fact is that the casein of the Ayrshire and Holstein milk is decidedly more flocculated and not so readily curdled in the stomach, so that it is the most easily digested by children.

Indian Summer.

The term "Indian summer" is applied to a period of mild, open weather that comes in the fall, embracing the most of October and sometimes extending into November, and characterized by a sort of dry mist or haziness that differentiates it from other seasons of the year. What causes the distinctive features of the season, especially the hazy atmosphere, is unknown, and the origin of the term equally so. Different explanations have been given of both, but they seem to be largely fanciful.

Prohibits Use of Images.

The Koran prohibits the use of images and symbols in the religious ceremonies of the strict Turks, or the internal decoration of the temples and mosques, the rule being so strict as not to permit the martial or civic decoration of the greatest generals or other distinguished persons. The adoption of the crescent by the Turks as a national emblem is an oddity which has so far remained unexplained.

Value of College Education.

Dean Holmes of the Pennsylvania State college, after spending months gathering statistics and reducing them to orderly form, has discovered that the money value of four years at college is \$20,000, or a financial return of \$5,000 for every year so spent. Dean Holmes' investigations reveal the fact, which at first seems a little disconcerting to the advocates of university training, that the average earnings of a bachelor of arts amounts to \$1,187 a year, not quite \$25 a week. But the situation brightens for the colleges when we learn that the average earnings of the noncollege man are only \$518—not \$10 a week. The difference between these two sums is \$669, and since the average man lives 80 years after leaving college, his financial reward for four years of more or less arduous undergraduate toil is evidently something more than \$20,000.—World's Work.

THEATRES

On Friday afternoon, November 23, the theatrical profession of Pittsburgh and New York, as well as the theatre-going public of the Pittsburgh district, will join in a mass testimonial to Thomas F. Kirk, formerly manager of the Nixon Theatre for 20 consecutive years, but now incapacitated by reason of invalidism. This great testimonial to one of the foremost theatre managers of the country will see a presentation of the most varied and unique program of theatrical events which has ever been brought together in Pittsburgh. Stars from both the legitimate and the vaudeville stage will be present to lend the occasion the wealth of their talent and make this testimonial memorable in the annals of theatrical circles. Among the notable theatrical lights who have already advised the committee having the affair in charge that they will be present and help to make an all-headliner bill, are Lillian Russell, Eva Tanguay, Clifton Crawford and George M. Cohan. Other stars from New York and from all the bills of that week in the various theatres in Pittsburgh will grace the program. So many have offered their services and the profusion of talent is so great that the committee now has before it the task of making up a bill which can be given in the space of an afternoon without overtaxing the capacity of the audience. Every artist who participates in the program will do so at their own expense and out of sympathy for Mr. Kirk, whose friendship in the theatrical world extends from coast to coast and numbers all the leaders in the profession.

CONNELLSVILLE MINERS

GET BIG ADVANCE

Analysis of the new wage scale of the H. C. Frick Coke company which became effective on Saturday last, shows that some employees were boosted 22 1-2 per cent. This is the largest increase the company has ever made at one time. The new rate makes it possible for the average miner to earn \$80 to \$90 every two weeks and first-class miners—men who can mine and load about 500 bushels a day—upward of \$15 in two weeks. The independent operators will have to meet the Frick scale.
